

Tree Maintenance Responsibility

Street Trees

City of Willits

Trees in a parkway strip (area between the curb and sidewalk).

Trees in the CalTrans right of way.

Park trees

City of Willits

Trees in all parks.

Property Owner

Trees in a yard and also in the public right of way.

Trees on private property that are causing road, sidewalk, or curb damage or obstructions.

Trees on private property with limbs that encroach into the public right of way, including the sidewalk, or over-hanging into the street.

Damage to sidewalks or home foundations from any tree(s).

Emergency Situation

City of Willits

The City will be responsible to respond if an emergency situation arises in which a privately managed tree has whole tree or limb failure that encroaches into the public right of way and requires immediate action.

Property Owner

The City may elect to recover the costs associated with the emergency tree situation from the private property owner who is responsible for management of the tree.
